### INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Audit Committee of the Board of Directors  
LSU Foundation  
Baton Rouge, Louisiana

We have performed the procedures enumerated below, which were agreed to by the Legislative Auditor of Louisiana, solely to assist you with respect to the accounting records of the LSU Foundation (the Foundation) for the year ended June 30, 2005. This engagement to apply agreed-upon procedures was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

*Our procedures and findings are as follows:*

Verified the Foundation's endowments for the Eminent Scholars Endowed Chairs Program and the Endowed Professorship Program have been managed in compliance with provisions set forth in the Board of Regents Statement of Investment Policy and Objectives.

*No exceptions noted as a result of the above procedure.*

Verified that the annual financial reports for the Eminent Scholars Endowed Chairs Program and the Endowed Professorship Program submitted to the Board of Regents were mathematically accurate and agreed to the accounting records of the Foundation. A listing of all the chairs and professorships is attached. (See Exhibit A)

*No exceptions noted as a result of the above procedure.*

Verified the Foundation has developed a spending plan for endowment earnings which is in compliance with Board of Regents guidelines.

*No exceptions noted as a result of the above procedure.*

Verified, in the sample selected for testing, the proceeds of the endowments for the Eminent Scholars Endowed Chairs Program and the Endowed Professorship Program were used as salaries or as a supplement for salaries or for other expenses related to scholarly work for eligible faculty members.

*No exceptions noted as a result of the above procedure.*

Under provisions of state law, this report is a public document. A copy of the report has been submitted to the entity and other appropriate public officials. The report is available for public inspection at the Baton Rouge office of the Legislative Auditor and, where appropriate, at the office of the parish clerk of court.

Release Date 11/09/05

Verified the Foundation complied with all provisions of the Management Agreement with the University.

*No exceptions noted as a result of the above procedure.*

Verified investment earnings generated from pooled assets involving endowed chair or professorship money have been properly allocated to the chairs and professorships in accordance with the Louisiana Board of Regents Statement of Investment Policy and Objectives.

*No exceptions noted as a result of the above procedure.*

Verified the value of the state funds held by the Foundation as reported in its audited financial statements is equal to the amount recorded in the University's books.

*No exceptions noted as a result of the above procedure.*

Verified there is no regulatory oversight for the investment pool and that the fair value of the position in the pool is the same as the value of the pool shares.

*No exceptions noted as a result of the above procedure.*

*The audited book balance at June 30, 2005 and 2004 of the Louisiana State University investments held by the Foundation was \$45,120,666 and \$40,582,621, respectively.*

*The audited fair value at June 30, 2005 and 2004 of the Louisiana State University investments held by the Foundation was \$45,120,666 and \$40,582,621, respectively.*

*Based on an internal listing provided by the Foundation, and verified by confirming 100% of the Foundation's investments, the following is a description of the types of investments allocated to Louisiana State University funds held by the Foundation: equities; fixed income investments; and cash management accounts.*

*Sources used to determine fair market value of investments include monthly investment statements prepared by an external global securities custodian, monthly review of fair market value information by an external investment consultant and periodic internal review and comparison of fair market value information against external published sources.*

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on the specified elements. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the Foundation, the LSU System, and the Board of Supervisors, and should not be used by anyone other than these specified parties.
